

Move forward to big things.  
Clipsal Avanti.

# AVANTI

Clipsal have really covered all bases with the introduction of the new C-Bus Avanti Switch Range. Clipsal's Avanti Switches are C-Bus programmable and incorporate a unique 'long throw' switch action.

The unique 'long throw' design and large switch mechanism is far easier to operate compared to conventional wall switches due to its light touch operation and smooth action. The Clipsal Avanti Range has a low profile architectural look and is ideal for aged care, disabled and commercial applications, including residential homes.

Features and benefits include:

- Large, smooth action switches that are easy to operate
- 1, 2 or 3 gang configuration
- Coloured LED's for load status
- C-Bus programmable.

### Installer Benefits

- Standard pattern wall mounting (horizontal configuration only)
- Learn mode capabilities
- Programmable Scenes
- Configurable LED status indication.

### User Benefits

- Large rocker switch for aged care or disabled applications
- Coloured LED load status indicators
- 1,2 or 3 gang configuration.

### Specifications

Parameter	Description		
C-Bus voltage	15 to 36V DC, 18mA for normal operation. Does not provide current to C-Bus network.		
C-Bus AC input impedance	3.75kV RMS from C-Bus to mains (provided externally to 509xNL series unit)		
Maximum number of units per network	100		
Control functions	Load switching, dimming, timers and scene control		
Status indicators	User configurable red and green		
Warm-up time	5 seconds		
C-Bus connection	One terminal block to accommodate 0.2 to 1.3mm <sup>2</sup> (24 to 16 AWG)		
Operating temperature range	0 to 45° C		
Operating humidity range	10 to 95% Relative humidity		
Dimensions (W x H x D)	121 x 82 x 29mm		
Protrusion from wall	13mm		
Mounting centres	84mm		
Weight	5091NL	5092NL	5093NL
	87g	89g	91g

### Product range
